In the matter of the aforementioned docket numbers, We, the undersigned, residents of Maricopa, AZ, located in Pinal County, do hereby oppose the proposed increases from Global Water for the following reasons:

The proposed increase will have a financial impact on my personal budget as well as My Homeowner Association budget. My HOA is already facing significant Challenges due to delinquencies and foreclosures and this will only serve to make Conditions worse.

The proposed rate increases are purely profit-driven so that major stakeholders and Investors will realize a higher rate of return Increases do not propose improvements To service, quality of water, or distribution and there are no plans to improve existing, Or build new, infrastructures.

Maricopa is one of the hardest hit areas in the country for foreclosures. Proposed increases will be detrimental to attracting builders and buyers, which further Diminishes already reduced real estate values. Associations cannot raise Assessments enough to cover increases, which will force a severe reduction in Maintaining green, healthy landscaping.
